

The logo for 'GO ROLT' is positioned at the top center. 'GO' is in a white, bold, sans-serif font. 'ROLT' is also in a white, bold, sans-serif font, but the 'O' is replaced by a stylized graphic of two white arrows pointing to the right, one above the other, with a small gap between them.

GO
ROLT

The background of the image shows a football team in blue jerseys and white pants lined up on a grass field. The players are in a three-point stance, ready for the play to start. The scene is set outdoors under a dark, overcast sky. In the background, there are trees and a fence.

NO HUDDLES. NO SCOUT CARDS. **JUST REPS.**

“We loved our GoRout system! We were able to embrace the pace in practice, and it allowed our players to fly around the practice field.

Our scout team moving so fast allowed our 1’s and 2’s to see every look needed during the week.”

- Tim Lester
Head Football Coach
Western Michigan University

THE BEST GET BETTER

Teams in these leagues trust GoRout at practice...

GOROUT QUICK FACTS

With GoRout you will spend less time at your desk preparing for practice, and more time on the field actually practicing.

GoRout is the only on-field gear designed to increase practice reps, and elevate scout team execution.

GoRout is compatible with other playbooks, including Hudl, Visio, JustPlay, PlayMaker Pro, and many more.

GoRout lets you easily upload hand-drawn cards, as well as any PDF, JPG, or PNG file.

Each package comes with GoRout Air™- no more WIFI, routers, or IT departments needed.

Free app download on all Apple, Android, and Windows devices.

Never worry about spotty WIFI, another confusing router, or the IT department again. With GoRout Air, using our products is now a two step process: launch the GoRout mobile app and turn on the GoRout devices. If you're still using wires and boxes, then you're using inferior technology.

NO ROUTER

Coast-to-coast national networking

NO SYNCING

All your scripts are at your fingertips
with a single push of a button

NO HASSLE

Just turn on the GoRout devices and
they're ready to work

WORKFLOW

PRE-PRACTICE

Scripting Elevated. Preparation is everything and GoRout has elevated the scripting process making it more efficient for coaches at all levels to create scripts. Coaches can simply name a script, create periods, and import plays from any software (Hudl, Visio, JustPlay, etc) or scan hand drawn cards directly into each period. Using our drag and drop feature, coaches can reorder plays and know they're ready to dominate practice.

WORKFLOW

ON-FIELD (COACH)

Communicate Clearer. Instead of managing binders and holding scout cards, coaches can now send plays to players instantly from GoRout's on-field practice app. Compatible with any iOS or Android device, there's no faster way to instantly communicate with every player simultaneously. Using the remote control feature, coaches can see each card prior to play send, swipe left or right to change plays, and switch periods quickly.

Available in app stores:

WORKFLOW

ON-FIELD (PLAYER)

Execute Faster. At practice, power on the Vue™ units and hand them out to each player. The units will instantly connect to the GoRout Air™ network. On each unit, select a practice group, ball side, and position. Every time a coach sends a new play, the Vue™ unit will vibrate alerting each player there's a new play to execute. You've never seen practice move so fast.
