- 3 On the Master beltpack, select Home if you are the home team or Away if you are the visiting team.**

Use the +/- buttons to toggle between the options. (Selected option will blink.) Press and hold the mode button to save your selection.

This setting provides proper wireless coordination for your other beltpacks and between your team and another CoachComm Cobalt or Cobalt PLUS team.

7 Press and hold the channel button to talk to player receivers.

The talk button must be on to talk to player channels.
